DETAILED ACTION

Allowable Subject Matter

1. Claims 1-25 and 27-32 are allowed.

The following is an examiner's statement of reasons for allowance:

Harris or the prior art of record, taken either alone or in obvious combination fail to disclose a method for curing one or more parts having all the claimed features of applicant's instant invention, specifically including: a predicted effectiveness value that is used in curing a subsequent part. The allowability, at least in part, resides in this fact.

It is for these reasons that applicant's invention defines over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
